

Lanarca have extensive experience in co-ordinating multidisciplinary teams, undertaking client focussed contract administration and leading on site project management. Our implementation team is led by Roger Greenwood, a Fellow of the Landscape Institute, who has over 30 years experience administering significant landscape projects.

Lanarca has a vast portfolio of projects that have been taken through to completion on the ground. We have many years of experience and a proven track record in client centered contract administration. Lanarca's approach to the implementation phase is to establish strong working relationships across the project team, including with appointed contractors, to deliver on budget and on programme, high quality, successful projects.

#### Walsall Arboretum, Birmingham

Lanarca were appointed as Lead Consultant for the delivery of an £8m Heritage Lottery Funded (HLF) park restoration. The works include the restoration of the historic buildings and features, provision of a new visitors centre, site wide planting, and new footpaths throughout.

#### Derby Arboretum

In 2005 Lanarca were appointed by Derby City Council as project manager and contract administrator to lead the £6.5m restoration project from HLF Stage 1 application to completion on site.

#### Christchurch Park, Ipswich

Lanarca was appointed to fully project manage this important scheme and to deliver the £4.5m restoration of this historically significant landscape. Works included new community buildings, infrastructure developments and a range of hard and soft landscape improvements.

#### Nottingham Arboretum

Roger Greenwood led a multi disciplinary team to refurbish this city centre park, co-ordinating specialist conservation architects and historic building contractors to successfully complete this £1.2m scheme.
